

Power Bank + Charger + Charging Cable

① Type-C cable output

② Lightning cable output

③ Micro cable output

④ Power button

⑤ LED battery indicator

⑥ Type-C port input/
output (PD 20W)

⑦ USB port output
(22.5W)

US standard
plug input

With US standard to
EU standard plug

With 3 Output Cables Wide Application

Including Lightning, Type-C and Micro ports, wide compatible with various smart devices.

Dual Outputs Quick Charge Apple/Huawei/Xiaomi/Samsung

Support PD/QC/SCP/FCP/AFC and other protocols,
quickly charge all major brand models.

PD 20W/18W

For iPhone 8-13
50% charged after 30mins

Type-C port with PD cable

22.5W super charging

For Huawei P40
64% charged after 30mins

USB port with Huawei super charging cable

QC 18W

For Xiaomi 10 Pro
Fully charged after 75mins

USB port with QC fast charging cable

*Note: The data is from USAMS and might have small deviation in actual use.

*The above fast charging effect can only be realized in the single-port output state;
if charging multiple devices at the same time, all of ports are normal charge.

Fast Charging Via Built-in Cable

Type-C output cable supports for Huawei super charging, for Xiaomi QC fast charge, for Samsung AFC fast charge, etc.

Plug Input / Type-C Input Easy to Charge Power Bank

Plug input or Type-C input two ways to charge for the power bank itself, very convenient in use.

Type-C port input

Fully charged after

3.5 hrs

Use with fast charging cable

Plug input

Fully charged after

6 hrs

Insert into socket

PD fast charge (Input)

Plug charge (Input)

*Note: The data is from USAMS and might have small deviation in actual use.

100-240V Wide Range Voltage With US/EU Standard Plug

Comes with a standard US plug and an extra EU plug, better compatibility.

90°
bendable

EU plug

10000mAh Long Battery Life

Charge About

1.9 times

iPhone 13 (3095mAh)

Charge About

1.5 times

Huawei P50 (4100mAh)

Premium Li-polymer Battery High Performance

Strictly selected polymer lithium batteries,
set multiple circuit protection,
safer charging

Compact & Lightweight Useful & Portable

✓ Built-in cables are well-organized.

✓ Micro cable can be used as a lanyard.

✓ Easy check of remaining battery.

Product Information

Brand	Model
USAMS	US-CD172
Name	
PB63 3IN1 Quick Charge Wall Charger Power Bank With Cables (US+EU Plug)	
Color	Material
Black	ABS+PC
Size	
120*62*30mm	
Weight	Capacity
About 234g	10000mAh
Rated Energy	Rated Capacity
37Wh	6000mAh
Plug Input	Type-C Input
100-240V/ 60Hz 0.3A	5V=3A 9V=2A 12V=1.5A
Type-C Output	USB Output
5V=3A 9V=2.22A 12V=1.67A	5V=4.5A 9V=2A 12V=1.5A
Type-C Cable Output	
5V=3A 9V=2A 12V=1.5A	
Lightning/Micro Cable Output	Multi-port Total Output
5V=2A	5V=3A
Charging Time (Input)	Battery
About 3.5 hours	Li-polymer battery
Compatibility	Accessory
For digital devices	US standard to EU standard plug*1
