

29MM

50.5MM

	Specification				
Lighting Source:			LED		
Color of lamps:	R-red	Y-yellow	G-green	B-Blue	W-White
Voltage:			20V--500V		
Nature of supply:			AC		
Rated Temp :			T90		
Life of continuous working:			Typically over 30,000 hours.		
<b>The end of life for a lamp is not usually a sudden failure;</b>					

#### Main technical parameters

Environmental Temperature:	-25+55
Relative Air Humidity:	≤98%
Protection Degree:	Head IP65
Voltage of working frequency:	2.5kV (AC valid value), 1min
Leakage Index:	CT1≥100
Frequency:	AC 50-60Hz
Pollution rank is three grade and installation category is III	
Working under vibration frequency 2-80Hz, acceleration at 0.7g
